QUALITY SWINGSETS

PREMIUM
VINYL
SWING SETS

About Us

For more than a decade, we have been handcrafting quality vinyl swingsets in Lancaster County, PA. Our family owned and operated business is fully committed to creating safe and durable swingsets for your children or grandchildren.

When you are looking for a playset for your child the last thing you need to worry about is safety. That's why at Star Quality we focus on safety. No exposed wood, which means no splinters, ever. Our rounded vinyl caps leave no dangerous sharp edges exposed. Non slip grip tape provides added traction on steps when entering the towers. Smooth, slip resistant vinyl is the only thing your child needs to come in contact with.

When it comes to durability, we believe in putting our money where our mouth is. That's why all our playsets have a no quibble, 20 year warranty. We believe in our product. That's why we guarantee you will too! See our warranty page for full details. Questions? Check out our FAQ's on page 16!

What are you waiting for? Shop our various playset models or start customizing your child's dream swingset today!

THE BEST VALUE

in Outdoor Playground Equipment

WE DELIVER AND INSTALL

Our trained crews will deliver and install your new swingset in your backyard. That means no more wasted weekends for you.

POLY CONSTRUCTION

Produced with plastic lumber made from high density polyethylene which would normally be disposed in our landfills.

8 DIFFERENT COLOR COMBOS

Available in colors that will blend into any backyard.

MAINTENANCE FREE

Our swingsets will not rust, rot or fall apart from wear. Poly and vinyl does not require staining or painting and are built to withstand harsh weather.

STAINLESS STEEL FASTNERS

We use high-quality stainless steel fasteners on all our swingsets, which are proven to be much more resistant to corrosion.

QUALITY ASSURANCE

All our swingsets are made using only the highest quality products, allowing us to stand behind our products knowing it will serve you well for years to come.

FAQ

Why is a vinyl swingset so much better than a traditional wood swingset?

By covering the wooden structural elements of the swingset, it keeps the stability without the maintenance. No one wants to restrain or repaint a swingset every year. Covering the wood also eliminates splinters. It also preserves the wood, helping our swingsets last for many fun-filled years.

What if my yard is not completely flat?

We can install on small slopes, however, we need to dig down/block up the tower to get it level.

How hard is it to maintain a vinyl swingset?

We love this question! Maintenance is all but unneeded. From time to time, as any outdoor toys do, your swingset will become dirty. Just use a simple cleaner and a soft bristled brush or gently powerwash the swingset.

Does the swingset get anchored into the ground?

The tower of the swingset is very heavy and does not require anchoring. We do use heavy duty spikes to anchor the ends of our swing beams to the ground.

Does it cost extra to customize?

No. The cost only changes as you add or take away components.

Can I pick my own colors?

Yes, you can mix and match colors as you choose.

Do your swingsets have any sharp edges?

No, to assure safety, all sharp edges are covered with a smooth rounded cap.

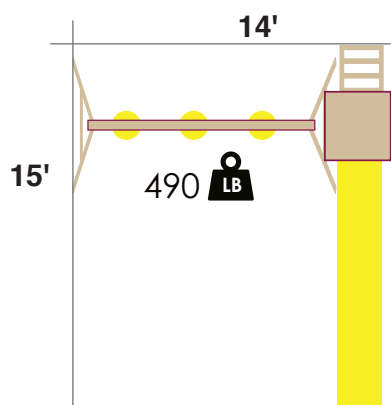

Do you have a warrenty?

Of course! Swingsets of this caliber carry a hefty warrenty! We offer a 20 year warrenty on our craftsmanship, while all of the accessories like slides, swings and roofs are covered by a 5 year warrenty. Please visit our website to learn more about our industry leading warrenties!

Star II

Vinyl Color: Tan
Trim Color: Red/Yellow
Tower: 3x3
Deck Height: 5'

Climbers: Entrance Ladder
Slides: 10' Wonder Wave
Swing Beam: 3 Position Single
Swings: (2) Belt Swings, Trapeze
